Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

Regarding claims 1-16, the allowability in combination with the other claimed features is because nowhere in the prior art is there a variable capacitor which has a flexible beam. Regarding claims 17-19, the allowability in combination with the other claimed features is because nowhere in the prior art is there a method for manufacturing a variable capacitor that includes a step of forming a beam material.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Citation of Pertinent Prior Art

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
